### A spectacular transformation at a historic resort

With a \$25 million transformation, two centuries of inspired gatherings, an array of recreational activities and innovative programs along with a team of dedicated hospitality professionals, The Homestead is a meeting venue unlike any other. Surrounded by the breathtaking Allegheny Mountains, The Homestead offers a range of flexible group venues, from the elaborate 14,000-square-foot Grand Ballroom with expansive bay windows and the spectacular Crystal and Empire Rooms, to the casual Mountain Lodge, Shooting Pavilion and 1920s-era theatre. On-site resources provide extensive planning services, the latest audio/visual technology and a menu of catering options.

The Homestead's multi-million dollar Next Chapter features enhanced meeting facilities and guest rooms as well as new dining options and spa renovations. The two-acre Allegheny Springs water complex, which opened this summer,

converts into a winter oasis with a heated, spring-fed outdoor pool and ice skating rink. The conveniently located Lobby Bar serves a variety of drinks including regional craft beers, Virginia wines and signature cocktails.

Invest in the future of your organization with innovative teambuilding exercises such as The Homestead's challenging ropes course and climbing tower. Your team will be re-energized with custom programs created from the resort's 30+ recreational amenities which include off-road Segway tours, falconry and skiing. Or, enjoy a flavorful Gourmet Safari with Executive Chef Sean O'Connell. This three-part journey through The Homestead's kitchens is delicious and informative.
