

*Hampton Roads - Peninsula*KINGSMILL RESORT  
Williamsburg**Successful meetings begin with the perfect venue**

The quality of the Kingsmill experience isn't measured in square footage; it's measured by the success of your meetings and the real connections you make outside of our 16 meeting rooms. With 20,000 square feet of IACC-certified event space, we are able to provide plenty of room for your meetings and plenty of on-site activities for you and your team to enjoy. You'll find championship golf, 425 comfortable rooms, five restaurants, a full-service spa, and a new pool complex. Kingsmill Resort is the perfect place to hold your next meeting.

**MEET AND PLAY**

At Kingsmill Resort, there's time to meet and time to play. Our dedicated conference planners provide support services throughout your meeting to include every detail and to ensure the success of your meeting. And when your meeting is over, play golf on one of our three championship golf courses. With 54 holes, even the most accomplished golfers are challenged by the courses designed by Arnold Palmer, Pete Dye, Curtis Strange and Tom Clark. Top professionals step onto the renowned River Course each year for the LPGA Kingsmill Championship.

**BUILD AND CONNECT**

We know a team-building experience is just as important as the meeting itself. From educational Segway tours of our natural surroundings to geo-caching competitions, our destination management staff is here to support you whether on-property or elsewhere in the Williamsburg area. And if you're looking to share a peaceful and relaxing experience with your team, book a treatment at our full-service Kingsmill Spa or go on scenic bike ride on our four-mile trail at sunrise. You can also gather around the fire pits at the new pool complex, strike up some quality conversation and enjoy the view of the James River.

**REST AND STAY**

When you stay at Kingsmill Resort, you're guaranteed a successful meeting, but we haven't forgotten about the essentials of the perfect visit – good rest and good food. Our 425 rooms and suites come complete with villa-inspired style, comfort-inspired finishes, and a choice between a standard guest room and a one-, two-, or three-bedroom suite. When you're hungry, enjoy our five restaurants and full in-room dining options. Host a dinner at our Links Pavilion while enjoying the view of the 18<sup>th</sup> Green on the River Course, or plan a gathering on the veranda at the Pettus House with cliff-top views of the James River. And when you start craving a beautiful sunset, sustainable seafood and local cuisine, try the new James Landing Grille — the only riverfront dining experience in Williamsburg.

The 16th and 17th holes on Kingsmill's River Course.

## TEE TIME BEGINS SHORTLY AFTER MEETING TIME.

Sometimes, the most productive meetings occur outside the meeting room. From golf on one of our three championship courses to themed dinners with entertainment in our river-view ballrooms, it's all part of what makes a successful meeting at Kingsmill Resort. Because we know how business really gets done.
