Meet in Hampton, the center of it all

Hampton has cornered the meetings market when it comes to convenience, accessibility, and service excellence. Geographically centered in Coastal Virginia, the state-of-the-art Hampton Roads Convention Center positions meeting attendees where opportunity abounds for delegates to explore and enjoy. Hampton is located within an easy drive of our nation's most populous metropolitan areas, minutes from Amtrak, and close proximity to Norfolk International and Newport News/Williamsburg International airports, assuring convenient access for Virginia meeting planners drawing attendees from outside the commonwealth.

There are 2,500 hotel rooms within immediate proximity of the 344,000-square-foot Hampton Roads Convention Center. Its 35 flexible meeting spaces under one roof include a 108,000-square-foot exhibit hall and a grand ballroom seating 2,000, plus dramatic features like a wall of water descending from the second to the first floor and an outdoor terrace overlooking the landscaped grounds. A covered walkway connects

the center to a headquarters-quality Embassy Suites Hotel and the iconic 84,000-square-foot Hampton Coliseum arena shares the campus. Accommodations at other popular business-class hotels, including Hilton Garden Inn, Courtyard by Marriott, Crowne Plaza Hampton Marina, and Springhill Suites to name a few, are also available minutes away.

Delegates convening in Hampton are greeted by world-class attractions, like the Virginia Air & Space Center, Riverside 3D IMAX Theater, Fort Monroe National Monument and tours of the Hampton Roads harbor, and an eclectic array of shopping and dining, including the Peninsula Town Center just blocks away. Dynamic national treasures like island garrison Fort Wool and Naval Station Norfolk, the world's largest Naval base, may be seen by harbor tour. The American Theatre and Hampton University Museum dating to 1868 complete an extraordinary meeting experience.
